Total CIAP Funds Requested: \$400,000

Infrastructure Funds Proposed: _____

Description and Location of Project: This project is located on the east end of Little Chenier Road and south of the Big Burn Marsh, commonly referred to as the "Horseshoe". This area of roadway needs to be raised four foot to prevent excessive flooding south of the Little Chenier Road.

Project Type (from CIAP fund uses): Conservation, restoration and protection of coastal area, including wetland.

Project Justification: The continued water control facilitated by this roadway refurbishment will enable the historical wetland diversity to be maintained and improved and stop flooding south of the Little Chenier ridge.

Project Cost Share: Local Match - \$243,000; State CIAP Match - \$157,000
